P.S. Get your appetites ready as the new **Hudson Restaurant Lounge** is gearing up to open its doors at 2030 M Street, NW (where the old David Gregory used to be). I had a taste test of its eclectic and creative, but simple menu last week and I was just wow'd. Think "comfort food meets the world of lite". You'll see when you go there. You will want to try *all* the dishes on the menu, including the late night and brunch.
